INTRODUCTION

Introduction to Sunway Student Volunteers (SSV)

SSV is a student leadership body in Sunway University. To date, we have more than 1,000 members and we are constantly organizing events to help the Poor and the Needy. We organize and help in more than 100 events on a yearly basis. In SSV, we believe that everyone can make a difference because a truthful effort brings joy to others.

Parents for a Day

Parents for a day is a semiannual SSV event that brings underprivileged kid out to the city and out of their village in order to gain new experience and also provide a learning ground for the children.

So, what is Kidolympic?

In short, Kidolympic is a sports day event which is mainly organized for the Orang Asli children.

Underprivileged kids eg. Orang Asli Kids do not have the chance to experience what most of us experienced as kids – sports day. Hence, we propose this project to allow the children to gain a new experience. Through this project, the children will get to experience the city, and we believe this would be a good exposure to them as they seldom have the chance to come out from their village.

This project (sports day event) will be a good platform for them to learn some new skills such as leadership skills, communication skills and also teamwork. We would also get to build their confidence throughout this event as we would be giving out medals to each one of them at the end of the event.

By organizing Kidolympic, we hope to make a change in the Orang Asli community by educating the children as they are the next generation of the community.

PROJECT OBJECTIVES

1. To promote love and care to the underprivileged children.
2. To promote multi-culturalism
3. To provide an opportunity for the students to interact with and take care of the kids.
4. To allow the underprivileged children gain exposure.
5. To allow the children gain new experience.
6. Bring fun and laughter to the kids and at the same time build their personal skills.

PROJECTS BENEFICIARIES

Orang Asli Kids

The targeted beneficiaries for this project would be the orang asli kids from Carey Island. The orang asli community consist of 80 kids and the age range would be 5-18 yrs old.

Sunway Students Volunteers

Our volunteers get the chance to play and take care of the kids throughout the event. They will also get to interact and know more about the orang asli community.

EXPECTED PROJECT RESULTS

- The orang asli children will have more confidence after joining this event.
- The kids will also get to learn life skills such as leadership skill, communication skill and teamwork as some of our events were designed to teach them those skills.
- Encourage a healthy lifestyle for the students as well as the Orang Asli children
- Volunteers will be grateful for what they have after interacting with the underprivileged kids.

PROJECT TIMELINE

July 2017 – August:

- Arrange with Carey Island for the children to come over.
- Purchase of materials required for the event
- Booking of Sunway Field (event venue)

September 2017:

- Recruitment of volunteers, Zumba practice with the volunteers

8th October 2017:

- Execution of the project
